# WHO WE ARE

---

As a teacher and Senior Leader in Secondary Schools, our Co-founder and CEO Kate Harris identified some vital areas of education that were missing for our future generations.

Kate was passionate about creating a generation of children and young people who could...

The image shows three students in school uniforms walking outdoors. On the left is a young man with dark hair, wearing a grey blazer, light blue shirt, and striped tie. In the center is a young woman with blonde braids, wearing a grey blazer, light blue shirt, and a blue and white plaid skirt. On the right is a young man with blonde hair and glasses, wearing a grey blazer, light blue shirt, and striped tie, carrying a brown leather bag. The background is a blurred school setting with other people and a brick building. The entire image is overlaid with a purple-to-blue gradient and white text.

Engage with the world  
beyond their school gates

A group of diverse young people are sitting in a circle in a bright, modern room with large windows. A woman with curly hair, wearing a light blue shirt and dark pants, is sitting in the center, holding a tablet and speaking to the group. The other people, including a young man in a dark t-shirt and a young woman in a pink top, are listening attentively. The scene is overlaid with a semi-transparent purple and blue gradient.

Participate in  
conversation about the  
world around them

A woman with long dark hair, wearing sunglasses on her head and a light-colored jacket, is shouting into a megaphone. The background is a blurred crowd of people. The entire image is overlaid with a semi-transparent purple filter. The text "Have their say on issues that matter to them" is centered in white, sans-serif font.

Have their say on issues  
that matter to them

# WHAT WE DO

---

Founded in 2016, VotesforSchools offers young people a unique opportunity to make their voices heard on the issues that matter through a weekly vote.

Each week, we provide lessons to engage and inform our voters and create detailed data reports highlighting the outcomes.

# BUILDING SKILLS FOR THE FUTURE

---

Our aim to provide young people with the skills and agency to be engaged, compassionate citizens.

Our resources encourage communication, empathy and an understanding of the world around us: skills that we feel will be crucial for their future.

Every week we receive vote numbers of around

40,000

We are passionate about these voices  
having an impact and being heard.

# TOPICS WE'VE COVERED

Should UK supermarkets warn us about shrinkflation?

Are fashion brands choosing trends over the environment?

Is a 4 day working week a good idea?

Is it fair for apprenticeships to be paid a lower living wage?

Are we getting better at recognising burnout?

Should more be done to protect our oceans?

We have formed over 120 partnerships in the third and public sector & media.

A photograph of a classroom or computer lab. A male teacher in a light blue shirt is leaning over a desk, assisting a female student in a white school uniform. The student is sitting at a desk with a computer monitor and keyboard. Other students in school uniforms are visible in the background, also working at computers. The image has a purple and blue color overlay.

**Sponsoring career  
packs for schools  
across the country**

# SPONSORING CAREERS PACKS

---

Our careers packs give you the space to inform young people about the opportunities available in your industry - while giving schools the much-needed support in delivering careers education.

These branded packs will go out to schools across the country and help you:

# Provide expert insight into important careers

---

A series of four lessons will be made in collaboration with your company. These will be used in schools, by teachers or by students themselves.

# Support schools with free access to careers resources

---

These resources will be available to all schools in the UK, free of charge, meaning schools have access to the careers information they need.

# Find out what young people want to know

---

A 'be heard' element will be part of the lessons, meaning you can ask young people questions, and we can share with responses with you.

# Become the face of exploring careers in your industry

---

As your business, people, stories and logos take centre stage in schools across the country, young people will gain a better understanding of your organisation.

YOUR SPONSORSHIP IS KEY TO VOTESFORSCHOOLS ACHIEVING IT'S CORE MISSION:

To ensure every child and young person can develop the skills and tools they need to be active members of their communities and within our democracy.
